NOTES

GENERAL NOTES

- The drawings are prepared under the copyright of P.N.C. and cannot be used or reproduced in part or in whole without written consent.
- Refer only to grid dimensions.
- All construction work is to comply with the Local Authority of Bristol Council Building Regulations.
- P.V. details permit permanent ventilation and must be provided above all doors and windows.
- All walls less than 200mm thick to be constructed with hoop iron at every alternate course.
- Water Meter to be 300mm above G.L.
- D.P. to be installed on top of floor, 150mm above G.L.
- All R.C. works to structural engineer's design.
- Good practice to be followed in the construction of all work over the existing structure.
- Contractor must verify all dimensions and any discrepancies must be reported to the architect before work is put in track.
- All levels shown are finished levels unless otherwise stated.
- All walls to be built on well compacted and watered subsoil.
- Depth of foundation trenches to be minimum 300mm and surfaces to be minimum 400mm below finished ground level.
- All pipes and services to be minimum 400mm below finished ground level.
